PRINTING NOTE

Use cardstock for cutouts. Print at 100% / Actual Size on US Letter. A4: choose Fit; print every linked piece at the same scale. Adult help for cutting and assembly.

My thankful little world

A coloring-and-conversation placemat. Print one for each guest.

Today I am thankful for...

DRAW SOMETHING THAT MAKES YOU SMILE

Someone I appreciate:

Something I learned this year:

One kind thing I can do:

Name: _____

Grow a little gratitude tree

Write one thankful thought on each leaf, cut it out, and tape it to a drawn paper tree or a wall display.

No tree needed: place the leaves beside each plate, string them into a garland with adult help, or collect them in a bowl and read them aloud.

A place at our table

Six tent cards. Add names, cut the outside rectangles, and fold along the dashed lines.

Together is a lovely place to be.

Good things to talk about

Cut the cards. Let everyone choose a question. Passing is always welcome.

A very thankful turkey crown

Color, cut, and wear. Adult help is needed for scissors, joining strips, and fitting the crown.

BAND STRIPS

Cut out the whole rounded turkey panel. Cut the strips, overlap and tape the ends, then attach behind the bottom of the panel. Use only the strips needed for a comfortable fit; an adult should trim extra length.

Thanksgiving noticing bingo

Look, listen, and connect. Mark a square when it happens. Five in a row, or simply enjoy noticing.

A kind hello	Something orange	Someone helping	A favorite song	A happy memory
A warm drink	Someone smiling	A thankful word	A silly joke	A handmade detail
A cozy sweater	A lovely smell	FREE BE TOGETHER	A family story	A crunchy leaf
Someone sharing	A new thing learned	A favorite food	A gentle hug*	A beautiful color
A little teamwork	A question asked	A quiet moment	A compliment	Something you made

*Only if everyone wants one. A wave or smile counts, too.

Grown-up note: use this as a relaxed activity, with no need to finish every square.
