PARTY GAME 2

Color detective.

Play together in the party space. Look and point; nothing needs to be collected.

RED

Find something red that is bigger than your hand.

BLUE

Point to something blue that you can see from your seat.

YELLOW

Find something yellow that makes you smile.

GREEN

Look for something green with an interesting shape.

PINK

Spot something pink, or imagine what you would add.

YOUR CHOICE

Choose a color. Can everyone find something different?

Host tip: keep everyone together. If a color is missing, drawing or imagining it counts.
